## Access to Knowledge Winter Event

**Friday 26th November  
10am-11am**

Join us for our fourth A2K event of 2021 on Friday 26th November.

The theme of this event will be based around Winter parasites for both cattle and sheep.

We know this is a busy time in store so we've planned a shorter, one-hour AMTRA accredited CPD session worth 8 points packed full of relevant content to help you in your role as a prescriber.

Our veterinary team will also hold a panel discussion answering key questions at the end.

**So please Save The Date and register at**  
<https://bit.ly/a2k-winter21>

**We look forward to you joining us  
on 26th November**
